

2.3 160W E-bike charger.

Product Specification	Solar charger 160W
Maximum voltage: 29V(24)、 43V(36V)、 57V(48V)、 72V(60V)、 86V(72V)	Total Efficiency :>93%
Operating temperature :-25~65°	10 years power output warranty
Application	
160W waterproof portable solar panel charger motorcycle outdoor charging, versatile portable power bank charging and etc...	

2.4 200W Air-conditioner, EV and Refrigerator Charger

Product Specification	Solar charger 200W
Cell: Mono cell 158.75	Materials: ECTFE+ composite material +KPE white + cloth
Output: 10A controller + lead output+2 meters +XT60	Pmax maximum power: 200W 36V 5.55A
Expansion size: 2105*595mm button method	Folding size: 600*530*40mm
Application	
Multi-function portable solar charger for high demand portable solar battery charging during camping.
